CASE STUDY³

HIGH MAINTENANCE PROJECT

Bill and Marie had noticed the gutters overflowing all week. Once the weather cleared, Bill was on a ladder cleaning them out. Shortly after, he was in the emergency room.

The wet ground had swallowed the ladder, and Bill with it. X-rays confirmed his leg was broken and his wrist was badly sprained. His quick home maintenance project became an ambulance ride, exams, tests and consults. Though the gutters were still clogged, Bill did have the peace of mind provided by Accident insurance.

Medical insurance only picked up part of the tab for Bill's care, so their out-of-pocket costs built up. Accident insurance helped to cover those costs and ease some of the burden of their mortgage, utility bills and groceries while Bill was on the mend.
